

## MCKELLAR PUBLIC LIBRARY MARCH BREAK PROGRAM WITH

***Georgian Bay  
Biosphere  
Reserve***

### **Activities Include**

**Animal Tracks** – We'll talk about different local mammals, how we can tell tracks apart, and make plaster tracks

**Mean & Nasties** – We'll go over some of the least popular animals. Kid's will learn to love their not so scary neighbours

**Herbivore, Carnivore or Omnivore** – Kids will learn to identify whether an animal is an herbivore, carnivore or omnivore through examining the teeth of animal skulls. Students will learn how animal's teeth are specially suited for their different diets.

***Thursday March 15, 2018 at 1:00 pm  
701 Hwy 124, McKellar  
For information call 705-389-2611***
