

## **Voter Instruction Letters - Update:**

Electors will receive a Voter Instruction Letter (VIL) which provides them with information on the process to vote online or by telephone. The VIL will also provide information on the dates electors may vote as well as contact information for assistance.

The Voter Instruction Letters for electors who were on the Voters' List as of September 4th were sent to Canada Post on the evening of September 17th for delivery. Anyone who has been added to the Voters' List after September 4th will not be included in this mailing batch, you will receive your VIL later. We will provide further information on those VILs soon.
